

TOWN OFFICIAL PAPER.

VOLUME II.

BERKELEY, CAL., -TUESDAY OCTOBER 15, 1895.

NUMBER 153

TO SUE BERKELEY.

A STATEMENT THAT M. C. CHAPMAN AS ATTORNEY

For Several Business Men in East Berkeley Will Sue the Town for \$500,000.

Will Sue Berkeley.

The repeated raids of Town Marshal Lloyd of Berkeley upon the premises of various storekeepers, who were supposed to be violating the State law prohibiting the sale of liquor within a mile of the State University, as well as a municipal ordinance, has aroused a spirit of opposition among those raided. They have agreed to join in a fight. Attorney M. C. Chapman of Oakland has been retained and will prosecute a big damage suit against the City of Berkeley. The figure at which the damages will be placed is \$500,000.

The liquor men claim their places were raided under the illegal authority of a search warrant. They claim that liquors were seized, while the warrant under which they were taken, provided only for the confiscation of goods supposed to be stolen. They set up further that the raiding officers overstepped their authority when they entered the place under suspicion. S. F. Chronicle.

Mr. Rawson's Statement.

Mr. Fred Rawson was interviewed today in reference to the affidavits that were presented to the Board of Trustees on Friday evening last, in reference to his registration in Marin county.

He stated that previous to the last general election he went to San Rafael to work at the powder works, and at that time there was considerable opposition to the works being located there. When he had been there a short time a registration officer came around to register the men at the works, himself among the number. When asked to register he informed the officer that it would do no good to register as he would not be in the county long enough to vote. The registration officer stated that that would make no difference as he would attend to that, so he registered him, but he, Rawson, would not swear to the affidavit.

When election day came around he was called upon to vote and refused to do so and as a matter of fact did not vote and shortly afterwards he lost his job, and that is all there is to the reports that he was a voter of Marin county.

University Notes.

The Berkeley Orchestra has secured for its concert, on November 1st, the services of the California Quartet.

Dr. William Albert Setchel, who has for several years been director of the Sheffield Scientific School, Massachusetts, is expected to arrive in Berkeley today on the overland. Dr. Setchel comes to occupy the position of head of the department of botany at the University of California.

Dr. E. W. Hilgard, professor of agriculture and chemistry at the University of California, will read a paper before the Science Association on "The Native and Cultivated Vegetation of Alkali Soils," on Thursday evening.

The engagement has been announced of Dr. John C. Merriam of the geology department of the University and Miss Ada G. Little of the senior class. The parents of the latter reside in Berkeley, her father having been in the real estate business for a number of years.

Why there should be any question as to Edward Rankin's being a brother of Ira P. Rankin cannot be understood. The former, in connection with Mr. Reynolds had the contract for the custom house drayage at the time when the latter was collector of the Port of San Francisco. Ed. Rankin is well known by hundreds of people in San Francisco and Berkeley.

Nominations Postponed.

A meeting of the Athletic Association of the University of California was called for yesterday afternoon by Harry H. Hirst, President of the Association, but it did not come off. Something like one dozen enthusiastic athletes appeared, and the remainder of the University failed to respond. The business before the Association is of much interest, being the nomination of candidates for President of the Western Intercollegiate Athletic Association. There are two leading names mentioned in this connection: one is that of Manager North of the U. C. team which went East, and the other that of Captain Koch of that team. Colonel Edwards' name has also been mentioned, but his friends say he does not wish to serve. The contest for the honor may therefore be between Manager North and Captain Koch, and such is the present prospect.

The lack of a quorum caused an adjournment of the nominations until 4:40 p. m. next Wednesday. After the nominations are made the election will be by ballot on some subsequent day. The privilege of electing the President of the Western Intercollegiate Athletic Association was won for the University by the successes of the U. C. athletic team in the East. The association embraces practically every college and university west of Philadelphia.

Elks Incorporate.

Articles of incorporation of the Elks' Rest Association were filed with the county clerk Saturday. The corporation was formed principally for business purposes. They have in view the erection of an Elks' Hall, and to that end real estate will be dealt in by the corporation. The care of the Elks' plot at Mountain View Cemetery is another purpose of the organization. It has been decided to dedicate the new monument at the Rest on Thanksgiving Day.

The capital stock of the association is \$50,000. The incorporators are O. Bemis, H. N. Sloper, C. H. Butler, C. L. Ingler, and Ed. H. Benjamin.

CAN IT BE BROKEN?

A MOVEMENT ON FOOT TO BREAK THE CHARTER.

Two Thousand Dollars Said to be Already Raised with Which to Test It.

There is a movement on foot at the present time to break the charter under which the town is now being operated and those who are pushing the matter announce that they are positive that they can have it declared unconstitutional.

The matter has been under consideration for the past three months, and the parties connected with it have been working very quietly and cautiously in the matter. In order to carry the matter through the Courts it was deemed necessary to raise \$2000. All but about \$300 of this money had been raised by yesterday noon and it was expected that the balance would be raised by noon today, it being understood that one well known gentleman of East Berkeley, would, after noon today make up any balance that might be needed to bring the subscriptions up to the required \$2000.

Of this amount we understand that \$200 was subscribed in West Berkeley and that the balance was raised in East, North and South Berkeley and Loin.

It is probable that action will be commenced in the Courts in a few days, and then the parties who are behind the project will be known.

The A. P. A.

The National Conference of the American Protective Association met at St. Louis yesterday for the purpose of organizing the National Advisory Board to outline a plan of action with regard to the next national campaign. H. F. Clinton of Clinton, Iowa, the founder of the order, said:

"An ex priest or ex nun invariably makes it a point to attack the Catholic religion, and that is not the purpose of our organization. Everybody has a right to worship Almighty God according to the dictates of his own conscience. We have no right to object to the Catholic religion as a religion. That would be inhuman and cruel. What we do object to, and it applies to all denominations, is the mixture of the church and politics. We hold that a man owes first allegiance to his adopted country, and not to some foreign church authority."

Hon. Thomas B. Reed.

Ex-Speaker Thomas B. Reed practically opened the campaign for the presidential fight at Portland, Maine, yesterday. To all intents and purposes he is announced as a candidate for the position of Chief Magistrate of the nation.

Considering that New England will be solid for him the efforts of his friends will be directed in the South and West. It may be so that McKinley will take the same view of the case when the time comes for his announcement and invade Reed's territory.

Electrical Storms.

Just as the minute and hour hands came together at noon today, large drops of rain began to fall, and in a few minutes quite a heavy shower was falling. In the course of half an hour there were several lightning flashes, followed by deep and heavy claps of thunder. These electrical showers are not infrequent at this time of year in the northern and southern portions of the State, but they are very rare in this part of the State. They may lead to quite a storm, as the indications are favorable to quite a rain.

That the Eureka Oil works are unloading a schooner load of flaxseed and copra for use in the manufacture of oil.

It is Said

That the people who want to find the news or to have their advertisements read, all take the GAZETTE.

That the work being done about the depot on Shattuck avenue is being done in a very substantial manner.

That the Advocate does not like it because a strip of San Pablo avenue will probably remain unmacadamized, and it takes the Trustees to task for letting a contract for a portion of the same.

That the Board has not lost jurisdiction over that portion of the avenue that will not be macadamized on San Pablo avenue, under the present contract.

That Mike Murphy, a Berkeley contractor got the privilege of sewerage Derby street on Friday evening last, thus knocking out some sure thing contractors from San Francisco.

That Sam Fisher is looking for a partner to go into his patent wire screen business with him. Such partner must have some money, some mechanical knowledge and some brains.

That the new GAZETTE office is rapidly approaching completion.

That a decided sensation is expected when Miss Cunningham is placed upon the stand in the Durrant case.

That nothing can hold the GAZETTE back as people must have the paper as is evinced by the number of new subscribers that are received each day.

That the interest in the meetings being held by Elder Daily of the Latter Day Saints at the Kindergarten, corner of Eighth and University avenue, is increasing each evening.

That the idea of calling an election for bonds for the purpose of acquiring one or more wharves out to deep water is spreading like wild fire and we believe that it will result in not only building the High and grammar schools but that it will result in the town owning a fine wharf and that the whole town will be in harmony instead of pulling against each other.

The tennis tournament of the U. C. Tennis Club was held Saturday afternoon at the U. C. cinder track. Gage won in the first class and Pierce in the fourth. In the second class Rawlings, Stone and Henderson will finish next Wednesday, and in the third Brown and Powers are to play off on the same day.

Tax Collector Barber has concluded that he may accept the taxes of those property owners whose assessment was equalized on the face of the rolls as turned over by Auditor Whidden, with stipulation that if the decision by Judge Ellsworth that the action of the County Board of Equalization was invalid is sustained, the balance will be paid.

The story of the phoenix is a common superstition in several countries. According to the ancient and best accepted legend the world has but one phoenix. This animal, at the end of 900 years, burns itself to death in a funeral pyre of its own erection, and as soon as it expires another phoenix, with wings outstretched, rises from the flames.

That under a recent opinion filed by Attorney-General Fitzgerald, every man who wants to vote in this county at the next general election will have to pay 25 cents to the County Clerk in order to get his name upon the Great Register. This will apply to every voter in this county, as there will have to be an entirely new registration next year.

That cloudy weather or rain should not stop anybody from going to the mass meeting this evening. It is warm and dry in the Beacon Engine House. Everybody should attend without fail.

Isaac Killum Hall alias Isaac Kelum of North Temescal has been granted a pension.

ONE WEEK MORE.

DURRANT WILL HAVE TO PONDER OVER HIS CASE

As an Adjournment for One Week Was Ordered by Judge Murphy Today.

Special dispatches to the GAZETTE.

The Durrant Trial Postponed.

San Francisco, Oct. 15.—Judge Murphy this morning, upon the request of Attorney Dickinson for the defense in the Durrant trial, continued the trial until next Monday, on account of the illness of Attorney Duprey. It is thought that his absence would greatly weaken the case of the defense. Judge Murphy told the other attorneys to prepare to go on without Mr. Duprey, if he is unable to appear on Monday next as no further continuances in the case will be granted.

Miners in Session.

San Francisco, Oct. 15.—The second day's session of the Miners' Convention was held at Pioneer Hall today. Shirley L. Ford, the Chairman of the Committee on Legislation, read a very lengthy report to the Convention, which was listened to very attentively by every delegate. He said that bills for the relief of the miners had been prepared for Congress, but that they could not be presented on account of lack of funds. In the opinion of the committee, but little more can be done by legislation. The mining industry must look to Congress for relief.

Baseball Winners.

Baltimore, Oct. 15.—One thousand people witnessed the field sports for the benefit of the baseball championship today. Kelly threw the ball a distance of 379 feet. Keeler won the base running contest, making the circuit in 15 seconds. In batting Denny won the medal by driving the ball 363 feet and 2 inches.

Wants to be U. S. Senator.

Chicago, Oct. 15.—Ex-Senator Ingalls arrived in town today and is stopping at the Victoria Hotel. He says that he is a candidate for a seat in the United States Senate. He declined to discuss any public questions at this time.

Are Coming Home.

Washington, Oct. 15.—Superintendent Butterfield of the Coast and Geological Survey has been informed that the party which has been making surveys in Alaska this summer has concluded its work and is on Mary's Island, and is waiting to be picked up and go to San Francisco on the Patterson, which has been engaged in hydrographic work in the Alaskan waters. There have been five parties from the Coast Survey in Alaska during the summer.

Bang! Bang!! Bang!!!

We expect to dine the rest of the week on roast duck and quail on toast. We know that it is pretty high living for a newspaper man, but then there are times even in a newspaper man's life that he gets a square meal.

Yesterday we found no less than a dozen people purchasing cartridges, rubber boots and game bags, while all their spare time was put in in cleaning up their guns. They informed us that they would leave at dark for favorite hunting grounds so as to be ready to commence to slaughter as soon as it was light, as the close season for game was passed at one minute past 12 o'clock this morning.

Each of these parties promised us a brace of duck or a half dozen quail, and we are even now smacking our lips over the banquet of game that we shall enjoy for the next four or five days, while at the same time we are getting even with the butcher.

Of course we shall get the game for hunters never lie, it is only newspaper men that are troubled with this disease.

Although times are hard there has been more building going on in Berkeley in the past three months than there was during the whole of last year. In one year from now if Berkeley owns its own wharf out to deep water, one will not know Berkeley there will be so much building going on.

GAZETTELETS.

The grant encampment of the Odd Fellows of California convened at Stockton today.

The populists will hold their State Convention at Sacramento on a date to be fixed hereafter.

The Supreme Court of the United States convened yesterday at Washington for the October term of 1895.

There was a dearth of news in the Justices' Courts today but this is only the calm before the storm.

Mr. Samuel Heywood informs the GAZETTE that the story of the steamer Hope's not being allowed to land at University wharf was all a bluff.

There is a large amount of freight coming to this coast every day. There are four or five trains a day extra passing through West Berkeley loaded with merchandise and other goods.

Wanted—Boy to drive a butcher cart. Must be neat honest and willing to work. Jos. B. Daley, Eighth and Bancroft. 2t

Miss Maud Copeland, who has been visiting friends in Berkeley, has returned to her duties as nurse in the Lane Hospital, her vacation having expired.

According to a ruling made by Judge Ogden in the Board of Health case in Oakland, yesterday, the three years' clause in the charter cuts no figure either in the election or the appointment of an officer.

General E. D. Keyes, an old United States Army officer, died recently at Nice, France. He was 85 years of age and for many years a resident of California. He took part both in the Mexican war and the late rebellion.

Irving M. Scott, who went to Japan to get some contracts from that government for building war vessels, has returned with prospects of doing some business in the future with that country.

Elder Daley of the Latter Day Saints will preach tomorrow evening at the kindergarten, on the Book of Mormon. A cordial invitation is extended to all persons to attend, as this is a very interesting discourse.

Both of the Fischel cases have been settled. One of them was in Justice Lord's Court and the other in Justice James'. The parties pay the costs of court and the complaints were dismissed.

The report circulated about town today that a man had been killed at the Galindo Hotel in Oakland turned out to have no foundation, as a telephone message from this office to the Sheriff received the answer that nothing of the kind had occurred.

The GAZETTE gives each day in a condensed form the telegraphic news of the day from all parts of the world. No other paper in Berkeley does this, and as the GAZETTE is distributed to its readers before the arrival of the Oakland and San Francisco papers, it is plain to be seen that it is the only proper paper to subscribe for if you want the news.

There was a slight sprinkle of rain last evening and this morning, and the indications are that there will be more before it clears up. Accounts from the interior say the rain was very heavy and that it was accompanied by thunder and lightning. There was no thunder here, but there was considerable flash lightning.

There is a serious disturbance in the political air of Utah. It is very important to the Republican Party that two Senators of that political faith should be elected from the embryo State. A split is on the tapis between the Mormon Church and the Democratic party which may possibly lead to the rejection of the State Constitution. This seems to be a point with the Republicans as it stated that if they are likely to win the Democrats will endeavor to destroy what would be a new State.

TOWN OFFICIAL PAPER.

TUESDAY, OCTOBER 15, 1895.

THAT MASS MEETING.

The people of West Berkeley have been called upon to assemble in mass meeting at the Beacon Engine House this evening and it is hoped that every citizen will turn out as the questions that will come before the meeting are of the utmost importance to the whole town of Berkeley.

The papers published at Shattuck avenue have charged the people of the west end with being obstructionists stating that West Berkeley always has opposed and defeated the progress of the town and advise West Berkeley to incorporate as a commonwealth of its own.

Of course these publications do not represent the feelings of the majority of East Berkeley, consequently but little attention should be paid to them, and the GAZETTE is probably to blame for republishing them, for otherwise the public would have never known that they were published.

The people of West Berkeley should attend the meeting this evening determined to stand together and give an expression on the matter of bonds that they will stand by an election day.

There will be speakers present from other sections of town who will give their opinion as to the amount of bonds that should be voted for, and their views may agree with yours. The GAZETTE would advise, however, that each of these persons be questioned as to his good faith as to how he stands upon the bonds for the town acquiring a wharf out to deep water. This is a matter that the people are vitally interested in and they would willingly vote bonds for a handsome High School in East Berkeley if they can secure a wharf in West Berkeley. Both are needed and as far as the prosperity of the town is concerned we believe that the wharf is the most needed. If we had the wharf it would be but a short time before additional school facilities would be needed, so we think they should both come at the same time, as nearly as possible to do so under the law.

Everybody should turn out and attend the meeting tonight because it is upon your expression that the Board of Trustees will name the amount of bonds to be voted for.

IS IT SINCERE?

The GAZETTE has always maintained that the Advocate was not sincere in its claim against the back room saloons of Berkeley, and we are now thoroughly convinced that its temperance policy has only been a cloak under which to hide its real objects. We have become convinced of this from several reasons. First, because the articles never sounded as though they were sincere; secondly, because the Advocate has called attention to the fact that liquors were being sold at Fonzo's and at the Acheson hotel, yet with this knowledge it has solicited advertisements from the proprietors of these places, and advertised these same houses as first-class headquarters for students to room and board; third, that while she is patting the Marshal on the back with one hand, with the other she is giving the students' club in the Shattuck block time to get any stuff they have on hand out of the way before the Marshal seizes it. None of these statements can be controverted as they are all from the columns of the Advocate, the last one, which reads as follows, being published in the last issue:

"The Marshal is keeping his eye on one of the student clubs which has apartments in the Shattuck block. He does not wish to make the law obnoxious, but at the same time it must be observed."

Is it making the law obnoxious to enforce its requirements upon all who disobey it, alike? We do not thin

that it was made for a certain few, and that others, because they are students or anybody else, should be allowed to go unmolested.

That others do not believe in the sincerity of the Advocate is apparent from the remark made by Mr. W. H. Bone, one of the most ardent Prohibitionists in town, at the meeting in the Methodist church Sunday evening.

Mr. Bone was saying words of praise for Marshal Lloyd for enforcing the law, when he was asked to say something in favor of the Advocate for its course. Mr. Bone replied as follows: "I cannot conscientiously do so, brethren, as I honestly believe that under the same law the Advocate office should have been raided too."

MARE ISLAND NAVY YARD.

Congressman S. G. Hilborn has been paying particular attention to the country's wants at the Mare Island Navy Yard. These government works are located in his district and whatever may be necessary for improving the plant he will especially attend to and will be aided by the Pacific Coast delegation in Congress. They will be governed by his advice in the premises. Congressman Hilborn resided for a long time at Vallejo and always was interested in the work going on at the Navy Yard. In fact he has seen the works built up from their infancy and so thoroughly understands what has been done and what is necessary in order to keep the place up to date, as one of the first class government dock yards, his advice will be very valuable to the different departments at Washington.

HE SAYS "NO."

The popular Councilman from the First Ward Frank K. Mott, has been repeatedly mentioned in the newspaper as a candidate for Supervisor. Mr. Mott says most emphatically that he is not a candidate and never had any intention of being.

Mr. Mott would make a strange candidate, but as he does not wish the honor, the fight narrows down to Supervisor Pelouze against the field, with the chances greatly in favor of Pelouze. —West Oakland Sun.

We believe that this portion of the Supervisorial district would give Frank Mott a solid vote for the office of Supervisor, but if Pelouze is the only candidate why old Charley Starr will be put up against him and Starr will beat him. This portion of the district is no hog, Brother Travers, it knows when it has got enough.

A FIVE-INCH photographic telescope made for the private observatory of the late Captain Floyd, of the Lick trust fund, has been presented to the Lick Observatory by Captain Floyd's daughter.

The production of grapes this year in Sonoma county was not half enough to supply the demand. This makes the producers feel that they will now have a good market for years to come.

There is one thing in this world that in order to give satisfaction has got to be perfect, and that is a photograph. Naturally the artist who is thorough in his business and produces perfect pictures gets the trade. This accounts for the immense business done by Evans, the photographer at 1065 Washington street. He takes the finest cabinets in the land for \$3 per dozen and has a large Berkeley patronage.

Now is the time to buy your cloaks, capes and suit. By purchasing \$15 worth of goods at our establishment we will present you, free of charge, with an order for one half dozen Haussler's photographs. Palace Cloak Co., 1009 and 1011 Washington street, between 10th and 11th streets, Oakland.

If you want to purchase gents' furnishing goods, children's toys, cigars and tobacco, why, go to Abraham Cohen's on San Pablo avenue between Alcatraz and Dalton street, Golden Gate. He sells as cheap as the city.

THE TARIFF.

It looks now as if necessity would cause a change in the ideas of leading Republicans as to the tariff when Congress meets again.

But a very little while ago the opinion of the head men of the party was that the tariff bill would not be touched at the next session. In order that the public might have the full benefit of the damage done to the country by the bill enacted by a Democratic administration. Its evil effects have been demonstrated so much quicker than anticipated that it will be necessary to do something in order to save the country from financial ruin.

It is very probable now that as soon as Congress gets in session that a bill will be introduced whereby an increase of revenue will be restored, as in the McKinley bill. The bill will be passed, and then the country will see how the administration practically stands upon the question of having enough revenue to meet the actual expenses of carrying on the government. The public knows how it stands at the present time, but whether President Cleveland is honest in his intentions as expressed will be shown when the bill is placed before him to sign or veto.

DISPATCHES have been received giving an account of an engagement between the Spanish troops and the insurgents on the island of Cuba, in which the latter gained a great victory. General Salado in command of the Spanish troops was killed. Later news confirms that of the death by assassination of the Queen of Korea.

That Charles Loeb is now walking with a cane on account of a sprained ankle. We have been told how it occurred but will not give him away this time.

That a young lady well known in Berkeley, who has got the bicycle fever got on board a wheel on Sunday last and rode for three hours without stopping, being afraid to get off. She will not take another trip for some time as she is completely done up for awhile. A word to the wise is sufficient.
